RENAISSANCE
REINVENTION

Art, interiors and symbols of the **Renaissance period** are influencing **womens** and **menswear, beauty** and **home**.

The National Gallery is hosting a major exhibition of German Renaissance artist **Albrecht Dürer** in November, titled *Dürer's Journeys: Travels of a Renaissance Artist*, showing paintings, drawings, prints, and letters from around the 16th Century.

Bringing Renaissance inspiration into the modern day, **Vivienne Westwood's** A/W 21/22 collection featured a print of *Daphnis and Chloe*, a 1743 painting by **François Boucher** from the *Wallace Collection*, applied to contemporary shapes.

Lil Nas X's new album and *MONTERO (Call Me By Your Name)* video references historical periods reinvented in bright colours and outrageous styling. His candy-coloured bouffants update regality with 90's fun.
